23 November 2026

To : Registered Gas Supply Companies (Centralised LPG Supply),
All Classes 1a and 2 Competent Persons, and
All Gas Systems Contractors

Dear Sirs,

**Circular No. 1/2026 - Update of "Sample of Underground LPG Pipework Revalidation Test Report"**

This circular introduces revised "Sample of Underground LPG Pipework Revalidation Test Report". The existing sample report is in the Appendix G2 of The Code of Practice for Hong Kong LPG Industry, Module 2, Issue 2 (COP M2).

COP M2 was promulgated by the EMSD to provide an outline of safety standards, guidelines and best practices for design, installation, testing and commissioning, operation and maintenance of underground LPG pipework. In order to enhance the completeness of revalidation test records, the "Sample of Underground LPG Pipework Revalidation Test Report" has been revised. The revised sample report has to be adopted when carrying out underground LPG pipework revalidation tests **on or after 1 December 2026**. Please notify the interested parties of the above requirements accordingly.

The revised "Sample of Underground LPG Pipework Revalidation Test Report" is available at EMSD's website:
https://www.emsd.gov.hk/en/gas_safety/related_information_for_competent_person/index.html

凡寄來之函件應註明機電工程署收，不應書寫個別職員之姓名。 Correspondence should be addressed to the Electrical and Mechanical Services Department and not to individual officers by name.

The revised sample report is not currently included in the Issue 2 of COP M2, but which may be updated at a later time. Should you have any query on the above, please contact the undersigned or Mr. Brian YU at 2808 3235.

Yours faithfully,

( Chris W K CHOY )
for the Gas Authority
