車主及司機應注意：

Car owners and drivers should:

切勿把含有石油氣的產品，如打火機或噴霧劑（空氣清新劑、潤滑劑、定型噴霧等）存放於車廂內，包括雜物廂及行李廂等，以免因暴曬或高溫而引致氣體意外。

Never place any LPG products such as lighters and aerosols (air fresheners, lubricants, styling foam, etc.) in car compartments, including the glove compartment or the boot to prevent gas incidents arising from prolonged exposure to sunlight or high temperature.

該類型的產品，必須存放於乾爽、陰涼及通風良好的地方。

Store these products in a dry, cool and well-ventilated place.
