New Colour Cables for Fixed Electrical Installations
現時，本港固定電力裝置內使用的電線顏色，一般為紅、黃、藍（火線）、黑（中性線）及黃綠相間（水線）。
由2007年7月1日起，新安裝、加裝及改裝的固定電力裝置內，可採用新顏色電線，即棕、黑、灰（火線）、藍（中性線）及黃綠相間（水線）。由2009年7月1日起，所有新安裝、加裝及改裝的固定電力裝置，則必須採用新顏色電線。

新顏色電線可由2007年7月1日起使用。

New colour cables may be used from 1 July 2007.
The colours of existing cables for fixed electrical installations in Hong Kong are generally in red, yellow, blue (live), black (neutral) and yellow/green (earth). From 1.7.2007 onwards, all new fixed electrical installations, including addition and alteration to existing ones, may adopt new colour cables, i.e., brown, black, grey (line), blue (neutral) and yellow/green (earth). From 1.7.2009 onwards, all new fixed electrical installations, as well as addition and alteration to existing installations, shall adopt new colour cables.

由2009年7月1日起，只可採用新顏色電線。
Use only new colour cables from 1 July 2009.
Please note the following regarding the adoption of new colour cables:

- The change is only applicable to cables of new installations, and addition and alteration to existing installations. Cables of electrical products and existing installations will not be affected. Therefore, it is not necessary to replace cables of existing colours in response to the change.

- Adoption of new cable colours will not impose additional cost to the work.

- All electrical works (including newly installed, addition, alteration, commissioning, inspection, testing, maintenance and issuance of related certificates) shall be carried out by a registered electrical contractor or a registered electrical worker of the appropriate grade who is employed by the installation owner on full time basis. After completion, the works shall be certified by the said contractor or worker to confirm that the completed electrical installation has complied with the legal requirements. A copy of the completion certificate shall be issued by the contractor or worker to the installation owner.
