

**CONTROLLING OFFICER'S REPLY**

**ENB072**

**(Question Serial No. 2508)**

Head: (42) Electrical and Mechanical Services Department  
Subhead (No. & title): (-) Not Specified  
Programme: (3) Energy Efficiency and Conservation, and Alternative Energy  
Controlling Officer: Director of Electrical and Mechanical Services (CHAN Fan)  
Director of Bureau: Secretary for the Environment

Question (Member Question No. 1.03):

Please provide information on the number of energy-saving projects undertaken by the Electrical and Mechanical Services Department for the Government and public bodies in the past five years, the expenditure involved, and the estimate for 2014-15.

Asked by: Hon. LEUNG, Kenneth

Reply:

The Electrical and Mechanical Services Department conducted a total of 405 energy-saving projects for various government departments and public bodies in the past five years (i.e. from 2009 to 2013). These projects include the retrofitting of energy efficient lighting and control systems, light emitting diode (LED) exit signs, and energy efficient air-conditioning and control systems, etc. Our estimated expenditure on implementation of energy-saving projects from 2009-10 to 2013-14 is about \$389 million. The estimate for 2014-15 is \$4.1 million.
