Recognised Certifications Authorities (RCA) are independent organizations empowered under law or decree (e.g. notified bodies appointed by the Commission of the European Community), to certify that a gas appliance is designed and produced in compliance with international or national safety standards and recognized as such by the Gas Authority.

認可核證機構指透過法例或法令獲正式授權，可以核證某一氣體用具的設計及生產符合國際或國家安全標準，並獲氣體安全監督認可的獨立組職（例如歐洲聯盟委員會所指定的備案組織）。

This known list of RCA is a non-exhaustive list for reference only. It is based on information submitted by the applicants for approval of domestic gas appliances under the Code of Practice GU 05.

此認可核證機構已知名單是一份不完整的名單，以作參考之用。該名單是根據《工作守則：氣體應用指南之五》申請住宅式氣體用具的批准時申請人所提交的資料而編制。
