

Employ Registered Electrical Contractor for Electrical Works

Electrical works include installation, commissioning, inspection, testing, maintenance, modification or repair of a fixed electrical installation. For example, connecting electrical products (such as air-conditioner and electric water heater) to power supply other than socket outlet, installation or relocation of sockets and lighting points in renovation works, etc.

Electrical works shall be carried out by a registered electrical contractor (REC). The list of REC is available in the EMSD website or mobile app - E&M Connect.

For more safety tips, please scan the following QR Code to visit the website:

A person who employs a non-REC to carry out electrical works commits an offence and is liable to a fine of \$100,000 and imprisonment for 6 months.
