All Registered Lift / Escalator Contractors

Dear Sirs,

Circular No. 9/2004
Safety at Work

The purpose of this circular is to remind all registered lift / escalator contractors to ensure adequate safety precautions are taken to prevent injury to any person, when carrying out lift / escalator works. There were lift / escalator incidents occurred recently involving lift / escalator workers in carrying out lift / escalator works.

In this connection, you are advised to pay special attention on supervising the works carried out by lift / escalator workers to ensure that all workers follow the safety measures as well as the correct work procedures.

Yours faithfully,

(YAN Man-kit, Andrew)
for Director of Electrical and Mechanical Services
