

建築物能源效益條例

Buildings Energy Efficiency Ordinance

全民「築」動節能綠建邁向碳中和

Public Engagement in Energy Saving and Green Buildings
for Striving Towards Carbon Neutrality

空調裝置
Air-conditioning installation

Energy Audit Form
能源審核表格

升降機及自動梯裝置
Lift & escalator installation

照明裝置
Lighting installation

電力裝置
Electrical installation

- Building services installations should comply with the Building Energy Code for newly constructed and major retrofitting works of prescribed buildings.
- Owners of commercial buildings and commercial portion of composite buildings should undergo energy audits once every 10 years.
- For details, please visit EMSD's BEEO webpage: <http://www.emsd.gov.hk/beeo>

- 新建及於訂明樓宇內進行主要裝修工程，其相關的屋宇裝備裝置須符合建築物能源效益守則。
- 商業大廈及綜合用途建築物的商業用途部分的業主須每十年進行一次能源審核。
- 有關詳情，請參閱機電工程署建築物能源效益條例網頁：
<http://www.emsd.gov.hk/beeo>
