To all Specified Persons for Dehumidifiers

Dear Sir/Madam,

Circular No. 1/2012

**Mandatory Energy Efficiency Labelling Scheme
Rated Dehumidifying Capacity at 26.7°C and 60% RH
for Dehumidifiers**

As required under the Energy Efficiency (Labelling of Products) Ordinance (Cap 598) (the Ordinance), importers of dehumidifiers, as one of the prescribed product types, shall submit specified information and documents (including test reports) to EMSD stipulating the energy efficiency and performance characteristics of the products prior to supplying the products in the market. The energy efficiency and performance characteristics shall be determined under the test condition of 26.7°C and 60% relative humidity.

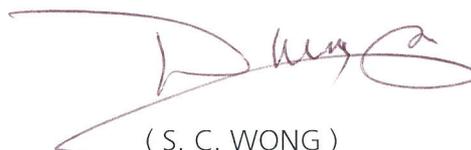

Under section 11 of the Ordinance, an importer has a duty of not engaging in any conduct that deceives or misleads or is likely to deceive or mislead another person as to the energy efficiency or performance characteristics of any prescribed products of the listed models under his name. In this connection, in supplying your dehumidifiers to your retailers and consumers, you shall clearly inform them of the products' rated dehumidifying capacity that is determined under the test condition of 26.7°C and 60% relative humidity.

I hereby attach a notice on the proper display of the rated dehumidifying capacity (at 26.7°C and 60% relative humidity) of a dehumidifier for your attention and distribution to your retailers. Please complete the attached reply slip and fax/email to us if you require more colour

copies for distribution.

Should you have any enquiries, please feel free to contact our Mr. L.C. WONG at 2808 3185 or Mr. Y.K. CHAN at 2808 3295.

Yours faithfully,

A handwritten signature in dark ink, appearing to read 'S. C. Wong', with a large, sweeping flourish underneath.

(S. C. WONG)

for Director of Electrical and Mechanical Services

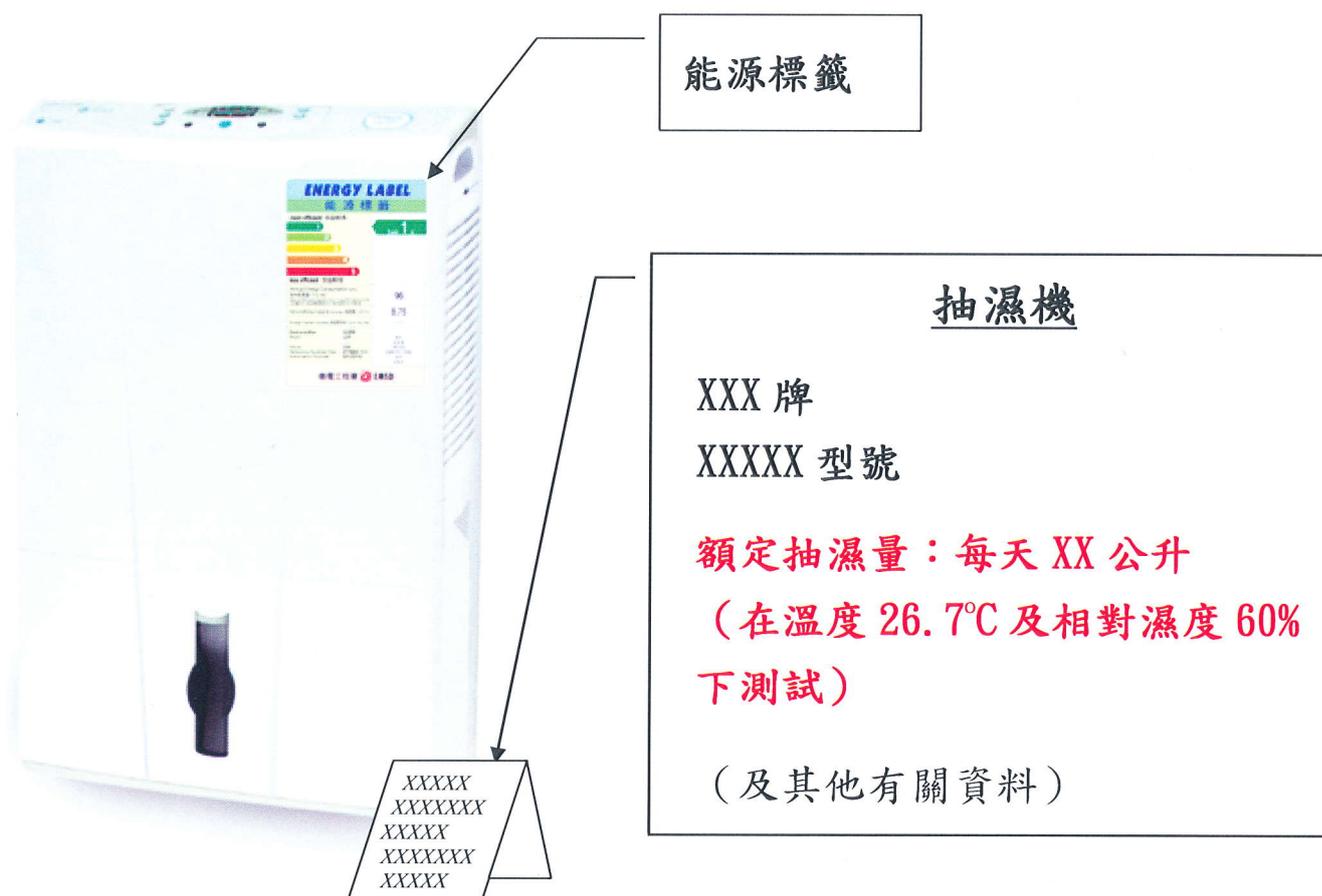

Encl.

強制性能源效益標籤計劃

抽濕機零售商須知事項

能源效益（產品標籤）條例（第 598 章）

- **抽濕機**是「強制性能源效益標籤計劃」下其中一類訂明產品。在供應時，該產品必須屬表列型號及附有能源標籤。
- 能源標籤須附加於或貼於抽濕機的顯眼位置，並須清晰可見。
- 零售商向消費者提供的資料，須包括入口商所聲稱在標準測試條件下（即**溫度 26.7°C 及相對濕度 60%**）的**額定抽濕量**¹：

2012 年 1 月

機電工程署 

如有任何查詢，可致電機電工程署能源效益事務處（查詢電話：2808 3465）

¹ 零售商可向抽濕機的入口商查詢有關型號的額定抽濕量，或可查閱機電工程署網頁：
