

The Education Path

Discover and Experience

Do you want to see the largest display of photovoltaic panels in urban area of Hong Kong ?

Do you want to learn about renewable energy and energy efficiency?

Do you want to learn about electrical, mechanical and gas safety ?

You can discover and explore about these in the Education Path located at the Electrical & Mechanical Services Department (EMSD) headquarters. Visitors can explore and play with our interactive exhibits in the guided tours to know about renewable energy, energy efficiency as well as electrical, mechanical & gas safety. The guided tours are arranged for primary, secondary school groups and community groups. All tours normally take place on Saturdays and are free of charge.

Energy Efficiency

Smart Building Display Booth

Exhibition Gallery

Energy Saving Game

Slurry Ice Storage Tanks

You can take pleasure in playing in a specially designed gallery that displays many energy saving displays. Explore how you can achieve energy saving through our interactive exhibits. You can also play an energy saving game.

Understanding Energy Label Game

Energy Code Game

- Energy Efficiency Ordinances

7/F

2/F

A/C Plant Room

- Greening

Piazza

Renewable Energy

Photovoltaic Panels

Explore the range of renewable energy technology available and learn about what the future may hold for us in renewable energy. Visitors will encounter :

- Solar energy

Wind Turbine Simulator

- Solar energy

- Wind energy

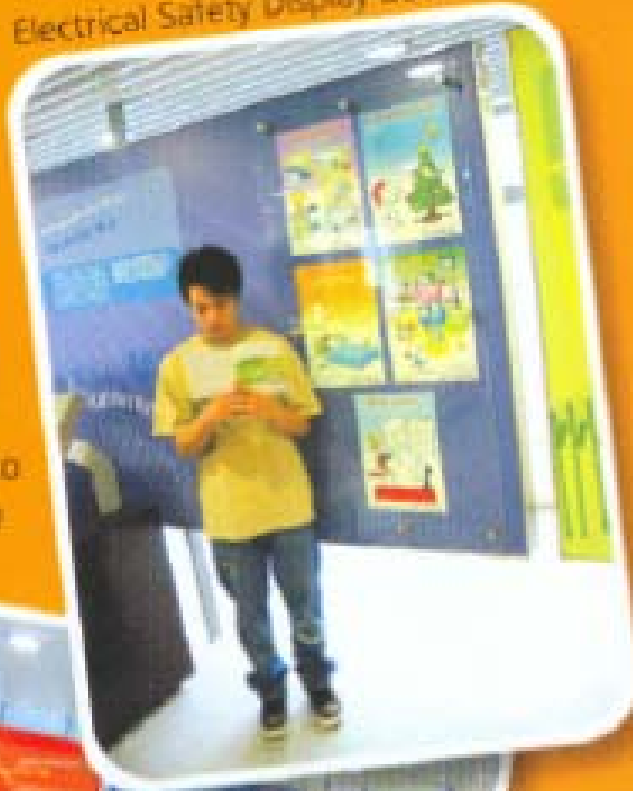

Electrical, Mechanical & Gas Safety

Take an interactive guided tour inside the Education Path and experience the work of EMSD in

- Electrical Safety
- Amusement Ride Safety
- Lifts & Escalators Safety
- Gas Safety

Visitors can learn about what EMSD do to enhance the safety and the quality of life of our community by ensuring that E&M and energy technologies are harnessed in a safe and reliable manner.
