To whom it may concern

Dear Sir/Madam,

**Release of Code of Practice for Hong Kong LPG Industry,
Module 1, Issue 3**

The Code of Practice for Hong Kong LPG Industry, Module 1 (COP M1) was promulgated by EMSD to provide outline of safety standards, engineering guidelines and best practices for design, installation, testing and commissioning, operation and maintenance of LPG compounds and cylinder stores, including standby cylinder stores at consumer premises.

With a view to aligning with the latest international requirements and enhancing the local trade practices, after collaboration with stakeholders of the Hong Kong LPG Industry, the COP M1 has been updated and released in May 2023.

The COP M1 (Issue 3) is available in EMSD website at:

https://www.emsd.gov.hk/en/gas_safety/publications/codes_of_practice/index.html

Yours faithfully,

(Horace H. CHAN)

for Director of Electrical and Mechanical Services
