

2013 Energy Consumption Survey on Vehicles

Electricity and Mechanical Services Department (EMSD) shall roll out the “2013 Energy Consumption Survey on Vehicles” in the territory which will be conducted from May 2013 to May 2014. This survey aims at facilitating the HKSAR Government to understand the profile about the energy consumption in land transport sector so as to update the Hong Kong Energy End-Use Data (HKEEUD).

Asian Cities Research Centre Limited (ACRC) is commissioned by EMSD to carry out this Survey. ACRC’s interviewers will visit vehicle drivers/ owners in uniform bearing a staff card and a copy of invitation letter to collect the questionnaires, verify the energy consumption data, and conduct on-site face-to-face interviews. All information collected in this survey will be treated in strict confidentiality and be used in aggregating statistical analysis. All completed questionnaires and collected information will be destroyed upon completion of the survey.

For appointment, verification of interviewer’s identity or enquiries, please contact Ms. Liu of ACRC at 3743 0581. For other enquiries, please contact us at 2808 3400.
