

電器如長時間 不使用， 應關掉電源

Switch off power if the appliance
will not be in use for
a long time

為安全起見，除必要的電器外，外出前應盡可能將家中的電器關掉。

For safety, before leaving home, electrical appliances (except the essential ones) should be switched off as far as practicable.

電器如長時間不使用，應關掉電源，不要只用遙控器使電器進入備用狀態。

Switch off power if an appliance will not be in use for a long time. Avoid switching it to stand-by mode by a remote control device.

電池充電時間不應太長，應遵照說明書的規定。避免無人在家時充電。

Battery charging time should not be too long. Adhere to the instructions in the user manual. Avoid leaving any operating battery charger unattended.

如無人在家，應把電器關掉。

Avoid leaving any operating appliances unattended.
