

Safety Tips for Plugs, Adaptors and Extension Units

Use plugs, adaptors and extension units which comply with the safety requirements.

Do not use adaptors or extension units with irregular holes.

Use adaptors or extension units with safety shutters.

Ensure that a plug cable is firmly inserted into the socket hole.

No more than one adaptor or one extension unit should be inserted into a socket outlet.

Do not plug electrical appliances with high power consumption into an adaptor or an extension unit.
