

# Only Registered Electrical Contractors Can Carry Out Electrical Works

Non registered electrical contractors shall not do business as an electrical contractor or contract to carry out electrical works, notably, in the following cases:

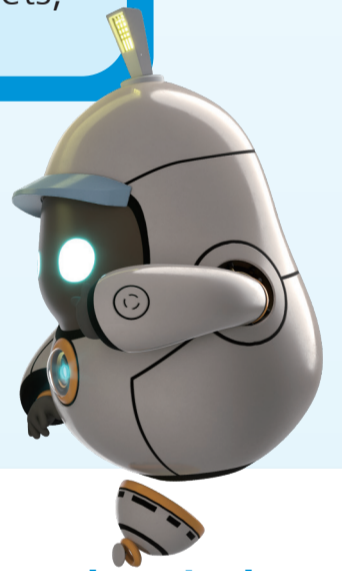

The installation of the electrical installation and electrical product which the power is supplied from a fixed electrical circuit (i.e. not supplied by socket outlets), e.g. lighting, air-conditioner, electric water heater or furniture with electrical lighting, etc.

The renovation work involves addition or alteration to an electrical installation, such as installation or relocation of socket outlets, lighting points or power switches.

## How to Apply

Applicant can apply in person, by mail or by electronic means. Please scan the QR code for details:

## Penalties

Anyone who do business as an electrical contractor or contract to carry out electrical work without registration is liable to a maximum fine of \$100,000 and imprisonment for 6 months.
