Personal Stamp for Registered Vehicle Mechanic

The Voluntary Registration Scheme for Vehicle Mechanics has been implemented for 5 years since its launch in 2007. Around 7,700 vehicle mechanics are now registered with the Electrical and Mechanical Engineering Services Department (EMSD). To enable easy public recognition of the registered status of vehicle mechanics, strengthen public support for the registration system and improve the professional image of the registered vehicle mechanics, a personal stamp has been specifically designed, for use by all registered vehicle mechanics, by the Vehicle Maintenance Technical Advisory Committee (the Committee).

A personal stamp for registered vehicle mechanic is attached for your use, with your name and registration number on it. Please check if the stamp is intact and the information thereon is correct, and inform the EMSD if anything is amiss. You are free to make your own personal stamp according to the given specifications should the need arise in future, and pay for the cost yourself, while you remain a registered vehicle mechanic.

With the approval of the person-in-charge at your company, you may use this stamp as you sign on your price quotation, work card, fee receipt or work completion form to prove that you have rendered your professional service. This will help boost public confidence in the registered vehicle mechanics and the service that you and your colleagues provide. Please note that while the use of this stamp is encouraged by the Committee, its use is not mandatory. Please also take note that you are not allowed to use this stamp if your registration is void or has expired, and you may breach the law if you do.

We wish to thank you for your support for the Voluntary Registration Scheme for Vehicle Mechanics. We would very much like you to use this stamp extensively in your day to day maintenance work so as to improve the professional image of vehicle mechanics and bring benefits to the community.

For enquiries, please call 2808 3867 to contact our Vehicle Maintenance Registration Unit.

Yours faithfully,

(CHUI Wai-sing)
for Director of Electrical and Mechanical Services
