

安全使用 個人電腦

Safety Tips for Personal Computers

確保電腦主機、顯示屏及打印機四周有足夠散熱空間。

Allow sufficient space around the main unit, monitor and printer for heat dissipation.

若長時間不需使用電腦，應關掉電源，避免只設定在備用狀態（或只啟動熒幕保護裝置）。

Switch off power if the computer is not used for a long period of time. Avoid keeping it in the standby mode (or leaving the screen saver on).

OFF

避免放置於潮濕、多塵、高溫或陽光直接照射的位置。

Avoid placing the computer in a humid, dusty or hot environment, or under direct sunlight.

遵照說明書的指示，定期清理。

Clean the computer regularly according to the user manual.

若有異常聲響、氣味或畫面，或電源掣失靈，應立即停用及安排維修。

If there is abnormal sound, smell or display, or if the power switch does not work properly, stop the computer and arrange for repair.

停 STOP
